### APPLICATION DEFINITION AND WARRANTY STARTING DATE

SA, SB, SR, SU Series Commercial Marine Engine applications are defined as MTEA supplied Marine Engines used in for-profit applications including propulsion and marine generators. SA, SB, SR and SU Pleasure Marine Engine applications are defined as MTEA supplied Marine Engines used in not-for-profit applications including propulsion and marine generators. The Marine Engine warranty and warranty coverage on optional accessories and instruments supplied by MTEA with the new engine begins on the date the start-up form is filled out and submitted to MTEA with a restriction that the warranty terminates 18 months after date of delivery to the first user. If there is no start-up form submitted, then the warranty will start from the invoice date to the Distributor.

### MARINE ENGINE AND MAJOR COMPONENTS

Marine Engines consist of internal and external components supplied by MTEA and include fan drive, water pump, thermostat, vibration damper, injection pump and nozzle assemblies, turbocharger, oil pump, flywheel and flywheel housing. This Marine Engine Limited Warranty applies only to components supplied by MTEA. Major Components consist of the crankshaft, crankcase and connecting rods and exclude connecting rod bearings and bushings, crankshaft main bearings and camshaft bushings.

## **WARRANTY ADJUSTMENTS**

Marine Engine and Major Component warranty adjustments are provided through MTEA Authorized Engine Distributors. During the warranty period, MTEA will provide at its option, a new or remanufactured replacement or repaired part for any part found to be defective.

Repair labor provided under the Marine Engine Limited Warranty includes labor expenses necessary to complete a warranted repair, including # labor incurred for engine removal and reinstallation when necessary to perform a warranted repair. Labor expenses will be reimbursed according to MTEA's flat rate schedules and at regular daytime labor rates. MTEA will reimburse travel expenses for a MTEA Engine Distributor Mechanic when travel is necessary to complete a warranted repair including lodging, meals, and mileage to the nearest readily accessible dock in North America; however, round trip mileage is limited to 400 miles per warranted repair.

MTEA's responsibility during the Major Component Warranty is limited to repair or replacement of the defective crankshaft, crankcase or connecting rod, and replacement of a crankshaft, crankcase or connecting rod damaged by one of these parts. MTEA shall not be responsible for labor costs incurred for repairs covered under the Major Component Warranty.

# Reasonable Labor (as defined by MTEA)

## **OWNER RESPONSIBILITIES**

The Owner must advise a MTEA Engine Distributor of a failure and potential warranty claim within the warranty period and have the repairs completed by an Authorized MTEA Engine Distributor. The Owner is responsible for maintaining the Industrial Engine according to recommendations contained in the Marine Engine Operation and Maintenance Manual. Maintenance parts and fluids including lubricating oil, antifreeze and belts are the Owner's responsibility unless the materials were damaged by the failure and cannot be reused.

The Owner is responsible for all labor costs and other costs not specifically described herein as MTEA's responsibility, including overtime or holiday repair, labor, meals, lodging, and transportation to remote sites, premium transportation expenses and all towing, docking and harbor costs. During the Major Component Warranty, the Owner is responsible for all parts and labor costs except for the crankshaft, crankcase or connecting rod supplied under the terms of the Major Component Warranty.

## **WARRANTY LIMITATIONS**

These operational practices damage the engine and any failures resulting from failure to observe these operational practices are not covered by this warranty: operating the engine at fuel rates higher than established by MTEA; over-speeding; operation without adequate or specified lubricating oil, coolant or fuel; operating the engine beyond published MTEA coolant or lubricant temperatures; inadequate maintenance of cooling systems, and failure to keep the engine air intake free of foreign material, improper storage, warm-up, shut-down or run-in practices; and/or other practices which damage the engine.

MTEA is not responsible for failures resulting from the alteration or modification to engines by anyone who has not been so authorized by MTEA in writing. MTEA is not responsible for failures resulting from improper repairs.

MTEA shall not be liable for claims attributable to the following: replacement of a complete assembly instead of repairing the assembly unless the replacement was approved by MTEA; repairs necessary due to use of parts not supplied by MTEA; repairs caused by abuse, misuse, accidents. Acts of God or unauthorized repair shops; corrections of alleged defects where documentation is inadequate to support

the claim or the failed parts needed for analysis have been improperly preserved rendering failure analysis impossible; and unnecessary repairs caused by improper diagnosis. Normal wear that occurs to parts during use of the engine is not covered by warranty including but not limited to these parts: pistons, liners, piston rings, valves, valve seats, valve guides, gears, bearings, crankshaft, camshaft, nozzle and plunger. The following items are not covered by warranty because they are deemed to have resulted from normal engine use or to have been caused by environmental exposure or pollution: rusting or deterioration of plated parts, discoloration, fading or rusting of painted parts, damaged or deterioration due to extended storage of the engine after shipment by MTEA.

The warranties listed herein are the only warranties applying to MTEA's Marine Engines and, with respect to Commercial Marine Engines, this warranty is in lieu of all other warranties, expressed, implied or statutory, including but not limited to, any implied warranty of merchantability or fitness for a particular purpose. As to Pleasure Marine Engines, any implied warranty granted under state law is limited in duration to the express warranty granted hereunder. Thereafter, all warranties, expressed, implied or statutory, including this warranty and any warranty of merchantability or fitness for a particular purpose is disclaimed.

In no event shall MTEA be liable for direct, indirect, special, incidental or consequential damages, including loss of business profits. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

***THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE.***
